## Independent Auditors' Report

The Board of Trustees  
Santa Clara University:

### Report on the Audit of the Consolidated Financial Statements

#### *Opinion*

We have audited the consolidated financial statements of Santa Clara University and affiliates (the University), which comprise the consolidated balance sheet as of June 30, 2023, and the related consolidated statement of activities, and cash flows for the year then ended, and the related notes to the consolidated financial statements.

In our opinion, the accompanying consolidated financial statements present fairly, in all material respects, the consolidated balance sheet of the University as of June 30, 2023, and the changes in its net assets and its cash flows for the year then ended in accordance with U.S. generally accepted accounting principles.

#### *Basis for Opinion*

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS) and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Consolidated Financial Statements section of our report. We are required to be independent of the University and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

#### *Responsibilities of Management for the Consolidated Financial Statements*

Management is responsible for the preparation and fair presentation of the consolidated financial statements in accordance with U.S. generally accepted accounting principles, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the consolidated financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the University's ability to continue as a going concern for one year after the date the consolidated financial statements are issued.

#### *Auditors' Responsibilities for the Audit of the Consolidated Financial Statements*

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the consolidated financial statements.

In performing an audit in accordance with GAAS and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the consolidated financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the University's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the consolidated financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the University's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

#### *Supplementary Information*

Our audit was conducted for the purpose of forming an opinion on the consolidated financial statements as a whole. The accompanying Supplementary Schedule of Financial Responsibility Data is presented for purposes of additional analysis as required by the US Department of Education, and is not a required part of the consolidated financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the consolidated financial statements. The information has been subjected to the auditing procedures applied in the audit of the consolidated financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the consolidated financial statements or to the consolidated financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the Supplementary Schedule of Financial Responsibility Data is fairly stated, in all material respects, in relation to the consolidated financial statements as a whole.

#### *Report on Summarized Comparative Information*

We have previously audited the University's 2022 consolidated financial statements, and we expressed an unmodified audit opinion on those audited consolidated financial statements in our report dated October 25, 2022. In our opinion, the summarized comparative information presented herein as of and for the year ended June 30, 2022 is consistent, in all material respects, with the audited consolidated financial statements from which it has been derived.

#### **Other Reporting Required by *Government Auditing Standards***

In accordance with *Government Auditing Standards*, we have also issued our report dated October 27, 2023, except as to Note 17 and our report on the supplementary schedule of financial responsibility data, which is as of February 23, 2024, on our consideration of the University's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the University's internal control over financial reporting or on compliance. That report is an

integral part of an audit performed in accordance with *Government Auditing Standards* in considering the University's internal control over financial reporting and compliance.

See accompanying notes to consolidated financial statements.

## SANTA CLARA UNIVERSITY

### Notes to Consolidated Financial Statements

June 30, 2023

#### **(1) Organization and Summary of Significant Accounting Policies**

##### **(a) Organization**

The President and Board of Trustees of Santa Clara College (dba Santa Clara University) is an independent, coeducational institution of higher learning offering undergraduate and graduate degrees in more than 50 fields of study. Santa Clara University was founded in 1851 by the Society of Jesus on the site of Mission Santa Clara de Asis in Northern California. The Jesuit School of Theology of Santa Clara University and the Bronco Bench Foundation are affiliated entities and their financial information has been consolidated with Santa Clara University (collectively referred to as the University) and all interaffiliate transactions have been eliminated.

The University's primary source of revenue is tuition and fees from undergraduate, graduate, and law programs through the College of Arts & Sciences, Leavey School of Business, and the schools of Engineering, Education and Counseling Psychology, and Law as well as the Jesuit School of Theology. Other sources of revenue include room and board, contributions, grants, return on investments, and other sales and services.

##### **(b) Basis of Presentation**

The University's consolidated financial statements have been prepared on the accrual basis of accounting in accordance with U.S. generally accepted accounting principles. The University displays its net assets and activities based on the existence or absence of donor-imposed restrictions. Accordingly, net assets of the University and changes therein are classified and reported as net assets without donor restrictions and net assets with donor restrictions. Refer to note 2 for further information regarding net asset classifications.

##### **(c) Cash and Cash Equivalents**

Cash and cash equivalents consist primarily of operating cash, money market funds, and treasury instruments with original maturities of three months or less. Assets with characteristics of cash and cash equivalents that are held in endowment funds are reported as investments and not included in cash and cash equivalents within the statement of cash flows.

##### **(d) Contributions**

Unconditional promises to give are initially recorded at fair value. In subsequent periods, unconditional promises to give are recorded at the estimated net present value, net of an allowance for uncollectible amounts, and are classified in the appropriate net asset category. The University records contributions of land, buildings, or equipment as revenue without donor restriction unless the donor places restrictions on their use.

##### **(e) Investments**

In accordance with U.S. generally accepted accounting principles, the University reports investments at fair value based upon a three-level valuation hierarchy for disclosure of fair value measurements. The valuation hierarchy is based upon the transparency of inputs to the valuation of an asset or liability as of the measurement date. The three levels are defined as follows:

Level 1 – Inputs are unadjusted quoted prices in active markets for identical assets or liabilities.

## SANTA CLARA UNIVERSITY

### Notes to Consolidated Financial Statements

June 30, 2023

Level 2 – Inputs of other than quoted prices included in Level 1 that are observable for the asset or liability, either directly or indirectly. This includes quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities in markets that are not active, inputs other than quoted prices that are observable for the asset or liability, or inputs that are derived principally from or corroborated by observable market data.

Level 3 – Inputs are unobservable for the asset or liability. Unobservable inputs reflect the University's own assumptions about the assumptions that market participants would use in pricing the asset or liability developed based on the best information available in the circumstances.

A financial instrument's categorization within the valuation hierarchy is based upon the lowest level of input that is significant to the fair value measurement.

The majority of the University's investments are held through limited partnerships and commingled funds for which fair value is estimated using net asset value (NAV) reported by fund managers as a practical expedient, in accordance with Accounting Standards Update No. 2015-07 (ASU 2015-07), *Fair Value Measurement Disclosures for Investments in Certain Entities that Calculate NAV per Share (or its Equivalent)*. Such assets are not classified in the fair value hierarchy.

**(f) Funds Held in Trust by Others**

Funds held in trust by others consist of the unexpended proceeds of bonds payable which will be used for construction of certain facilities.

**(g) Collections**

The University's collections are made up of artifacts of historical significance and art objects that are held for educational, research, and curatorial purposes. The collections, which have been acquired through contributions since the University's inception, are not recognized as assets in the accompanying consolidated balance sheet.

**(h) Property, Plant and Equipment**

Property, plant and equipment assets are stated at cost at the date of acquisition, or fair value at the date of donation in the case of gifts in kind. Depreciation of property, plant, and equipment assets is computed using the straight-line method over estimated useful lives of 3 to 50 years. Amortization of right of use assets is provided over the estimated useful lives of the assets or over the life of the lease, as applicable, using the straight-line method.

**(i) Deposits and Deferred Revenue**

Deposits and deferred revenue consist of deposits and tuition and fees collected for not yet completed summer and fall terms and other miscellaneous deferred revenue. Deposits and deferred revenue relating to tuition and fee revenue, less any refunds issued, will be recognized as revenue as services are rendered over the academic terms occurring in the year ending June 30, 2023. Also included in deposits and deferred revenue is \$5,290,000 which relates to the funding of capital improvements by a third party that is periodically recognized as revenue in accordance with contract terms. Revenue for this contract will be recognized each year over the life of the contract which expires in June 2030. The University applies the practical expedient in Accounting Standards Codification (ASC) 606-10-50-14

## SANTA CLARA UNIVERSITY

### Notes to Consolidated Financial Statements

June 30, 2023

and therefore does not disclose information about performance obligations that have an origination and expected duration within the fiscal year.

#### **(j) Annuity and Trust Obligations**

The University has a variety of gift agreements, including charitable gift annuities and charitable remainder trusts, for which the University is the trustee. An estimated liability has been recorded for charitable gift annuities based upon Internal Revenue Service (IRS) actuarial tables. For charitable remainder trusts, the difference between the fair value of trust investments and the estimated University's remainder interests has been recorded as a liability.

#### **(k) Bond Premiums and Issuance Costs**

Bond premiums and issuance costs are amortized using a method that approximates the effective interest method over the life of the associated bond issue. Bond premiums are included in bonds and notes payable, and issuance costs are netted against bonds and notes payable in the accompanying consolidated balance sheet.

#### **(l) Revenue Recognition**

Student tuition, fees, and room and board are recognized in accordance with ASC 606, Revenue from Contracts with Customers. The University applies the portfolio approach, which approximates the revenue that would be recognized by the individual contract approach. In connection with these contracts, the University has an obligation to provide instruction, access to various student facilities and dining services. Tuition and fees and auxiliary activities are generally collected in advance or over the course of the respective term with the revenue earned over the same term as the University's performance obligations are satisfied. Scholarship allowance represents a reduction in the consideration collected from students reflective of discounts as well as the use of donor contributions designated to reduce the amounts collected directly from students. "Net tuition and fees" and auxiliary activities represent the cumulative transaction price reflective of ASC 606. Student tuition and fees and auxiliary activities received in advance of the corresponding revenue recognition are reported as customer contract liabilities in "Deposits and deferred revenue".

Contributions, including unconditional promises to give, are recognized in the period received and are reported as increases in the appropriate category of net assets. Conditional contributions are not recorded as revenue until the conditions on which they depend have been substantially met. Return on investments are recorded on the accrual basis of accounting. Other sources of revenue are recognized in the fiscal year in which they are earned.

In response to the COVID-19 pandemic, the United States Congress passed the Coronavirus Aid, Relief, and Economic Security (CARES) Act on March 27, 2020. The University recognized \$9,203,000 during the year ended June 30, 2022 in contributions revenue as a result of the CARES Act. The portion used to award COVID-19 relief to students is included in operating expenses and the remaining amount was used to offset lost revenues and refunds of housing and dining charges. No contributions of this nature were received in the current fiscal year.

## SANTA CLARA UNIVERSITY

### Notes to Consolidated Financial Statements

June 30, 2023

#### **(m) Credit Concentration**

Financial instruments that potentially subject the University to concentration of credit risk are cash, cash equivalents, investments, and receivables. The University's cash, cash equivalents, and investments are held by recognized financial institutions. The University deposits its cash with several financial institutions and its deposits, at times, exceed insured amounts. The University requires its investment managers to follow the University's investment policy, and the investment managers are subject to periodic review by the University's investment committee. The University's investments are comprised primarily of a diversified portfolio of marketable equity securities, investment-grade debt and alternative assets. The credit risk with respect to student receivables is considered minimal due primarily to the wide dispersion of the receivables. Of the \$68,420,000 of gross contributions receivable at June 30, 2023, \$49,169,000 is due from ten donors.

#### **(n) Operations**

Operating activities in the accompanying consolidated statements of activities include all revenues earned without donor restrictions and all expenses incurred by the University except nonoperating contributions, net return on nonoperating long-term investments underlying board designated endowments, (loss) gain on disposal of assets, and certain nonrecurring activities.

#### **(o) Use of Estimates**

The preparation of consolidated financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the consolidated financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

#### **(p) Prior Year Summarized Comparative Information**

The consolidated financial statements include certain prior year summarized comparative information in total but not by net asset class. Such information does not include sufficient detail to constitute a presentation in conformity with U.S. generally accepted accounting principles. Accordingly, such information should be read in conjunction with the University's financial statements for the year ended June 30, 2022, from which the summarized information was derived.

### **(2) Net Assets**

Net assets are reported in two categories based on the existence or absence of donor-imposed restrictions, as follows:

- Net assets without donor restrictions represent net assets that are not subject to donor-imposed restrictions and are available for use in general operations or invested in property, plant and equipment. Net assets without donor restrictions may be designated for specific purposes by action of the board.

**SANTA CLARA UNIVERSITY**

Notes to Consolidated Financial Statements

June 30, 2023

- Net assets with donor restrictions represent net assets that are subject to the following donor-imposed restrictions:
  - Net assets with donor restrictions for time and purpose represent net assets with donor-imposed restrictions that will be met either by actions of the University or the passage of time. When restrictions expire or assets are expended according to donor restrictions, net assets are reclassified to net assets without restrictions and are reported in the consolidated statement of activities as net assets released from restrictions.
  - Net assets with donor-imposed restrictions in perpetuity represent net assets subject to donor-imposed restrictions that are to be permanently maintained by the University. These consist of assets donated with stipulations that they be invested to provide a permanent source of income. It is the policy of the University to maintain the historic dollar value of these gifts in perpetuity. Generally, donors of these assets permit the University to use all or part of the income earned on related investments for general or specific purposes.

Net assets consisted of the following as of June 30, 2023 (in thousands):

	<b>Without donor restrictions</b>	<b>With donor restrictions</b>	<b>Total net assets</b>

Annuity and life income funds	—	4,546	4,546
With donor restrictions in perpetuity:			
Financial aid endowments	—	205,491	205,491
Education and other program support endowments	—	122,000	122,000
Academic chair endowments	—	60,675	60,675
Pledges	—	7,565	7,565
Annuity and life income funds	—	8,409	8,409
	<u>\$ 1,016,387</u>	<u>1,319,516</u>	<u>2,335,903</u>

**(3) Contributions Receivable**

Contributions receivable consisted of the following as of June 30, 2023 and 2022 (in thousands):

	<u>2023</u>	<u>2022</u>
Unconditional promises to be collected in:		
Less than one year	\$ 19,089	19,144
One to five years	26,458	34,492
More than five years	<u>22,873</u>	<u>23,700</u>
	68,420	77,336
Less allowance for uncollectible contributions	(9,961)	(8,471)
Less discount to present value	<u>(6,682)</u>	<u>(8,843)</u>
Total contributions receivable, net	<u>\$ 51,777</u>	<u>60,022</u>

**SANTA CLARA UNIVERSITY**

Notes to Consolidated Financial Statements

June 30, 2023

The discount rate utilized for purposes of calculating the present value of contributions receivable ranges from 1.85% – 4.82% based on the year the unconditional promise to give is received. The discount rate is determined at the time the unconditional promise to give is initially recognized and is not revised subsequently.

**(4) Student and Other Receivables**

Student and other receivables consisted of the following as of June 30, 2023 and 2022 (in thousands):

	<b>2023</b>	<b>2022</b>
Government grants	\$ 1,911	1,289
Notes, loans, and other receivables	7,375	7,455
Student receivables	2,220	2,138
Accrued interest receivable	8	12
	11,514	10,894
Less allowance for doubtful accounts	(1,335)	(1,088)
Total student and other receivables, net	\$ 10,179	9,806

The University makes uncollateralized loans to students based on financial need. Student loans are funded through federal government loan programs or institutional resources.

At June 30, 2023 and 2022, student loans held by the University included in notes, loans, and other receivables above consisted of the following (in thousands):

	<b>2023</b>	<b>2022</b>
Federal government programs	\$ 1,698	2,161
Institutional programs	5	13
	1,703	2,174
Less allowance for doubtful accounts	(3)	(3)
Total student loans	\$ 1,700	2,171

The University participates in the Federal Perkins Loan Program (the Program). The availability of funds for loans under the Program is dependent on reimbursements to the pool from repayments on outstanding loans. Funds advanced by the federal government of \$1,962,000 at June 30, 2023 and \$2,472,000 at June 30, 2022 are ultimately refundable to the government and are classified as liabilities in the consolidated balance sheet. Outstanding loans canceled under the Program result in a reduction of funds available for loan and a decrease in the liability to the government.

**SANTA CLARA UNIVERSITY**  
Notes to Consolidated Financial Statements  
June 30, 2023

Allowances for doubtful accounts are established based on prior collection experience and current economic factors, which, in management's judgment, could influence the ability of loan recipients to repay the amounts per the loan terms. Institutional loan balances are written off only when they are deemed to be permanently uncollectible. Amounts due under the Program are guaranteed by the government and, therefore, no reserves are placed on past due balances.

**(5) Investments**

Investments as of June 30, 2023 and 2022 are summarized as follows (in thousands):

	<u>2023</u>	<u>2022</u>
Pooled cash and cash equivalents	\$ 118,781	37,769
Mutual funds	166,259	165,325
Equity holdings	28,433	93,005
Fixed income holdings	143,196	141,240

<b>Total investments</b>	<b>\$ 1,173,261</b>	<b>302,900</b>	<b>179,919</b>	<b>11,162</b>	<b>1,667,242</b>

The following methods and assumptions were used to estimate the fair value for each class of financial instrument included in the fair value hierarchy:

**Pooled cash and cash equivalents** – Pooled cash and cash equivalents consist of cash and cash equivalents held in the investment pool for capital contributions, manager related fees and expenses, and funding of new investments. Inflows to cash and cash equivalents include investment activities from partner distributions, manager redemptions, and income received. Cash and cash equivalents are recorded at fair value using quoted market prices and are classified as Level 1.

**Mutual funds** – Mutual funds consist of several distinct funds with varying portfolio compositions and objectives. These investments are traded on an active exchange, are priced using unadjusted market quotes for identical assets, and are classified as Level 1.

## SANTA CLARA UNIVERSITY

### Notes to Consolidated Financial Statements

June 30, 2023

**Equity holdings** – Investments in equity holdings are measured at fair value using quoted market prices. They are classified as Level 1 and are traded in an active market for which closing stock prices are readily available.

**Fixed income holdings** – Investments in fixed income holdings include corporate bonds, municipal bonds, and U.S. treasury bonds. Fixed income holdings are classified as Level 2 based on multiple sources of information, which may include market data and/or quoted market prices from either markets that are not active or are for similar assets in active markets.

**Real estate** – Investments in real estate include commercial and residential property holdings. Real estate investments are classified as Level 2 based on multiple sources of information such as appraisals and market comparables.

**Net pending trades** – Net pending trades consist of a) purchases made before year-end where the University has transferred cash to the fund manager but is not invested in the underlying fund until the next fiscal year, and b) withdrawals or distributions, where the investment has been sold but cash proceeds have not been received by the University at June 30. Net pending trades are recorded at fair value using quoted market prices and are classified as Level 1.

While the University believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different estimate of fair value at the reporting date.

There were no transfers between Level 1 and Level 2 investments, or between Level 2 and Level 3, for the years ended June 30, 2023 and 2022, for assets classified in the fair value hierarchy.

**SANTA CLARA UNIVERSITY**

Notes to Consolidated Financial Statements

June 30, 2023

The following table presents information for applicable investments regarding their funding commitments, redemption, and restrictions as of June 30, 2023 (in thousands):

	<u>Fair value</u>	<u>Unfunded commitments</u>	<u>Redemption frequency (if currently eligible)</u>	<u>Redemption notice period</u>
Commingled funds:				
International equity	\$ 146,793	—	weekly, monthly, n/a	6–10 days
Corporate bonds	11,619	—	monthly	6–7 days
U. S. equities	24,348	—	annually, see below	60 days
Hedge funds:				
Equity	49,134	—	quarterly	90-135 days
Distressed debt	23,975	1,300	monthly, annually, n/a	90 days, n/a
Fund of funds	376,468	—	monthly, annually	95–365 days

Real assets	66,331	24,702	quarterly, n/a, see below	30-90 days, n/a
Venture capital	336,049	58,705	semi-annually, n/a, see below	120 days, n/a
Beneficial interest in funds				
held by others	9,516	—	see below	see below
	<u>\$ 1,195,227</u>	<u>145,593</u>		

The University holds investments in private equity, real assets, and venture capital in the amounts of \$129,489,000, \$66,331,000, and \$336,049,000, respectively. The majority of these investments do not allow for periodic redemption, but rather distributions are received through the liquidation of the underlying assets. At June 30, 2023, they had estimated termination dates that range from 2023 to 2033. The University holds investments in public equity and commingled funds that are subject to soft lock-up periods and gates that may limit and effect the University's ability to redeem. The University also holds beneficial interest in funds that are managed by others. These funds, per donor restriction, are to be held in perpetuity by the third party and can never be redeemed.

**SANTA CLARA UNIVERSITY**  
Notes to Consolidated Financial Statements  
June 30, 2023

The following schedule summarizes investment returns during 2023 and 2022, presented in “Net return (loss) on operating investments” and “Net (loss) return on nonoperating long-term investments” in the consolidated statement of activities (in thousands):

	<u>2023</u>	<u>2022</u>
Interest, dividends and other income	\$ 23,827	20,801
Net realized gains	13,869	119,765
Net unrealized losses	(3,895)	(210,103)
Direct management fees and other	<u>(7,451)</u>	<u>(8,273)</u>
Net (loss) return on investments	<u>\$ 26,350</u>	<u>(77,810)</u>

**(6) Endowment**

The University’s endowment consists of 989 individual funds established for a variety of purposes. Its endowment includes both donor-restricted endowment funds and funds designated by the governing board to function as endowments. Net assets associated with endowment funds, including funds designated by the governing board to function as endowments, are classified and reported based on the existence or absence of donor-imposed restrictions.

**(a) Interpretation of Relevant Law**

The University’s governing board has interpreted UPMIFA enacted in the State of California as requiring the preservation of the fair value of the original gift as of the gift date of the donor-restricted endowment funds absent explicit donor stipulations to the contrary. As a result of this interpretation, the University classifies as net assets with donor restrictions (a) the original value of the gifts donated to the permanent endowment, and (b) the original value of subsequent gifts to the permanent endowment. Together, these amounts become the perpetual value of the funds. Net endowment return on investments that have not been appropriated for expenditure are classified as net assets with donor restrictions for time and/or purpose.

In accordance with UPMIFA, the University considers the following factors in making a determination to appropriate or accumulate donor-restricted endowment funds:

1. The duration and preservation of the fund
2. The purposes of the University and the donor-restricted endowment fund
3. General economic conditions
4. The possible effect of inflation and deflation
5. The expected total return from income and the appreciation of investments
6. Other resources of the University
7. The investment policies of the University

**SANTA CLARA UNIVERSITY**

Notes to Consolidated Financial Statements

June 30, 2023

**(b) Return Objectives and Risk Parameters**

The University's governing board has adopted investment and spending policies for endowment assets that attempt to provide a predictable stream of funding to programs supported by its endowment while seeking to maintain the purchasing power of the endowment assets to create intergenerational equity. Endowment assets include those assets of donor-restricted funds that the University must hold in perpetuity or for a donor-specified period as well as board-designated funds.

**(c) Strategies Employed for Achieving Objectives**

To satisfy its long-term rate-of-return objectives, the University relies on a total return strategy in which investment returns are achieved through both capital appreciation (realized and unrealized) and current equities, fixed income, and alternative investments. Targeted asset allocation percentages for each of these components are reviewed periodically throughout the year for potential adjustment of asset mix while evaluating the relative risk of each component.

**(d) Spending Policy**

Endowment spending is determined using a weighted average calculation of two components. The first component is the prior year spending allocated for each endowment increased by an inflationary factor weighted by 40%. The second component is a 12-quarter rolling market value average times an established spending rate of 4.5% weighted by 60%. The combination of these two calculations is the endowment spending allocation.

Changes in endowment net assets and net asset composition for the year ended June 30, 2023, not including contributions receivable of \$8,424,000, are as follows (in thousands):

	<b>2023</b>		
	<b>Without donor restrictions</b>	<b>With donor restrictions</b>	<b>Total</b>
Endowment net assets, June 30, 2022	\$ 250,931	1,220,648	1,471,579

Notes to Consolidated Financial Statements

June 30, 2023

**(e) Funds with Deficiencies**

From time to time, the fair value of assets associated with individual donor-restricted endowment funds may fall below the level that the donor or UPMIFA requires the University to retain as a fund of perpetual duration. For June 30, 2023, deficiencies of this nature totaling \$804,000 among 39 funds, are reported in net assets without donor restrictions. As of June 30, 2022, there were deficiencies totaling \$387,000 among 38 funds.

**(7) Property, Plant and Equipment**

Property, plant and equipment, net as of June 30, 2023 and 2022 are as follows (in thousands):

	<b>2023</b>	<b>2022</b>
Land	\$ 85,998	83,679

The University's policy is to capitalize interest cost incurred on debt during the construction of major projects exceeding one year. During the year ended June 30, 2022, \$1,520,000 of interest was capitalized while no such capitalized interest was recorded for the fiscal year ended June 30, 2023. For the years ended June 30, 2023 and 2022, total interest expense, net of amounts capitalized, was \$15,891,000 and \$14,924,000, respectively. During the years ended June 30, 2023 and 2022, \$2,852,000 and \$3,006,000, respectively, represents interest expense associated with the University's lease obligations.

**SANTA CLARA UNIVERSITY**  
Notes to Consolidated Financial Statements  
June 30, 2023

The annual debt service requirements subsequent to June 30, 2023 are as follows (in thousands):

	<u>Principal maturities</u>	<u>Interest</u>	<u>Total</u>
Year ending June 30:			
2024	\$ 12,939	12,570	25,509

	<u>\$ 313,113</u>	<u>164,493</u>	<u>477,606</u>

The University has \$40,000,000 available under an unsecured revolving credit agreement that matures in September 2023. In September 2023, the University extended the agreement to November 2023 and has the option to extend the line for another twelve months. As of June 30, 2023 and 2022, no amounts were outstanding on this line of credit.

**(9) Lease Liabilities**

The following information applies to lease liabilities as of June 30, 2023:

In September 2011, the University entered into a non-cancellable lease for a student residential housing facility. Two members of the University's Board of Trustees and their families have material financial interests in the entities that developed and are leasing the facility to the University. The lease term is for 234 months ending February 2031. At the end of the lease term, the University has two successive options to extend the lease for additional eight-year terms. The gross amount of buildings recorded under this finance lease was \$45,553,000, which is the present value of future lease payments, discounted using the implicit rate of 8%. The net amount recorded as right of use assets under this lease at June 30, 2023 was \$17,910,000. The amortization expense for the lease is calculated on a straight-line basis over the useful life of 234 months included within the University's depreciation and amortization expense. This amount was \$2,336,000 for the year ended June 30, 2023.

In November 2014, the University entered into a noncancelable lease for commercial office building, which was remodeled to be used as office and classroom space. A member of the University's Board of Trustees and their family has material financial interests in the entities that developed and are leasing the facility to the University. The lease term is for 234 months ending April 2034. At the end of the lease term, the University has two successive options to extend the lease for additional ten-year terms. The gross amount of buildings recorded under this finance lease was \$23,800,000, which is the present value of future lease payments, discounted using the implicit rate of 5%. The net amount recorded as right of use assets under

**SANTA CLARA UNIVERSITY**

Notes to Consolidated Financial Statements

June 30, 2023

this lease at June 30, 2023 was \$13,336,000. The amortization expense for this lease is calculated on a straight-line basis over the useful life of 234 months and included within the University's depreciation and amortization expense. This amount was \$1,231,000 for the year ended June 30, 2023. Lease costs associated with these two leases was reported in the statement of activities as interest was \$2,852,000 and depreciation and amortization was \$3,567,000.

Under ASC 842, the University has elected to not apply the recognition requirements to leases of less than twelve months. These leases are expensed on a straight-line basis and are not included within the University's lease asset or liability.

Maturities of lease liabilities under non-cancellable leases as of June 30, 2023 are as follows (in thousands):

	<u>Finance leases</u>
Year ending June 30:	
2024	\$ 6,137
2025	6,217
2026	6,298
2027	6,382
2028	6,468
Thereafter	<u>28,516</u>
Total undiscounted lease payments	60,018
Less imputed interest	<u>(15,524)</u>
Total lease liabilities	<u>\$ 44,494</u>

**(10) Availability of Financial Assets for General Expenditures**

Resources available to the University to fund general expenditures, such as operating expenses, scheduled principal and interest payments on bonds and leases, and capital construction costs have seasonal variations related to the timing of tuition payments, receipts of gifts and pledge payments, and transfers from the endowment. The University actively monitors liquidity required to meet general expenditures, while also maximizing the investment of funds in excess of daily requirements utilizing a combination of short and long-term operating investment strategies. In addition, management monitors the timing and availability of its financial assets in order to align cash inflows with anticipated outflows. The University's financial assets are included in cash and cash equivalents, contributions receivable, student and other receivables, investments, and funds held in trust by others. At June 30, 2023 and 2022, existing

**SANTA CLARA UNIVERSITY**

Notes to Consolidated Financial Statements

June 30, 2023

financial assets and liquidity resources available for general expenditures within one year were as follows (in thousands):

	<b>2023</b>	<b>2022</b>
Financial assets:		
Cash and cash equivalents	\$ 51,925	61,822
Student and other receivables	4,139	3,439
Contributions receivable for operations and capital projects	1,021	1,105
Investments – operating	159,910	150,187
Investments – appropriated endowment spending payout	53,500	48,000
Funds held in trust by others	31	26
Total financial assets available within one year	270,526	264,579
Liquidity resources available:		
Bank line of credit	\$ 40,000	60,000
Total financial assets and liquid resources available within one year	\$ 310,526	324,579

In addition to financial assets and liquid resources available to meet general expenditures over the next year, the University seeks to operate within a balanced budget and anticipates collecting sufficient revenue to cover general expenditures. Refer to the statements of cash flows, which identified the sources and uses of the University's cash generated by operating activities for the year ending June 30, 2023.

The University also had board-designated endowments of \$247,211,000 and \$251,318,000 as of June 30, 2023 and June 30, 2022, respectively. Although the University does not routinely spend from its board-designated endowment funds other than amounts appropriated for general expenditures, amounts from these endowments could be made available if deemed necessary and approved by the University Board of Trustees. However, both the board-designated and donor-restricted endowment funds contain investments that are subject to market fluctuations and have lock-up provisions that reduce the total that could be made available (see note 5 for disclosures pertaining to investments).

**(11) Defined Contribution Plan**

The University provides retirement benefits for eligible faculty, staff, and administrative employees through Internal Revenue Code (IRC), Section 401(a) and 403(b) plans. During 2023 and 2022, the University contributed approximately \$20,276,000 and \$19,843,000, respectively, to the defined contribution 401(a) retirement plan on behalf of its faculty, staff, and administrative employees. In October 2021, the University increased the employer contribution equal to 15% of benefit-eligible employees' base compensation through October 15, 2022. The contribution rate changed to 10% effective October 16, 2022. The University does not contribute to the 403(b) plan.

**SANTA CLARA UNIVERSITY**

Notes to Consolidated Financial Statements

June 30, 2023

**(12) Expenses by Natural and Functional Classification**

The University's primary program activity is instruction, academic support and research. Facilities operation and maintenance, interest, and depreciation are allocated among functional classifications based on usage of space, square footage, building costs, and debt proceeds usage. Information technology costs are allocated based on software usage and the overall number of employees in the various functional categories. All other costs are charged directly to the appropriate functional category. Research expenses of \$10,374,000 and \$7,943,000 in 2023 and 2022, respectively, are included in instruction, academic support and research. Expenses associated with fundraising activities of the University were \$16,534,000 and \$14,243,000 in 2023 and 2022, respectively, are included in administrative support.

Expenses by natural and functional classification for the year ended June 30, 2023, were as follows (in thousands):

	Program activities				Supporting activities		Total
	Instruction, academic support and research	Public service	Student services	Auxiliaries	Administrative support	Facilities operation and maintenance

## SANTA CLARA UNIVERSITY

### Notes to Consolidated Financial Statements

June 30, 2023

#### **(13) Income Taxes**

The University is recognized by the Internal Revenue Service as an organization exempt from income taxes on related income under Section 501(c)(3) of the Internal Revenue Code and is also exempt under California Revenue and Taxation Code Section 23701d. However, the University is subject to income taxes on any net income that is derived from a trade or business, regularly carried on, and not in furtherance of the purpose for which it is granted exemption. No income tax provision has been recorded as the net income, if any, from any unrelated trade or business, in the opinion of management, is not material to the consolidated financial statements taken as a whole.

#### **(14) Related-Party Transactions and Amounts Held on Behalf of Others**

The Jesuit Community is a separate entity and provides the University with teaching and administrative services. Compensation paid to the Jesuit Community for those services approximated \$2,040,000 and \$2,180,000 in 2023 and 2022, respectively, which is included in academic related salaries and wages and nonacademic salaries and wages in the accompanying consolidated statement of activities.

As of June 30, 2023, and 2022, \$6,678,000 and \$14,830,000, respectively, of gross contributions receivable are due from members of the Board of Trustees.

During 2006, the University entered into an agreement with the Mission Cemetery, owned by the Jesuit Community, to participate in the University's investment activity by transferring cash into the University's endowment investment portfolio. The Mission Cemetery's investment at fair value is reflected in Amounts Held on Behalf of Others in the University's consolidated balance sheet. The fair value of the investment at June 30, 2023 is \$90,450,000. The remaining balance of \$236,000 as of June 30, 2023 in Amounts Held on Behalf of Others is held by the University on behalf of various other outside agencies.

As discussed in note 9, a member of the University's Board of Trustees and their family has material financial interests in the entities that developed and are leasing facilities to the University.

#### **(15) Commitments and Contingencies**

As of June 30, 2023, the University has contractual obligations of approximately \$13,861,000 for completion of capital projects under construction. These obligations are expected to be payable over the next one and a half years and will be financed with debt proceeds, unexpended funds, and gifts. The University self-insures unemployment benefits. It is management's opinion that the amount provided in accrued expenses to cover expected claims is adequate.

The University is subject to audits for amounts received under federal government student financial aid awards and research grants from the federal government. Management believes such audits will not result in any material liabilities against the University.

The University is a defendant in various legal actions. While the outcome of these actions is not currently determinable, management is of the opinion that any uninsured liability from such actions will not have a material effect on the University's financial position.

## **SANTA CLARA UNIVERSITY**

### Notes to Consolidated Financial Statements

June 30, 2023

#### **(16) Subsequent Events**

The University has evaluated subsequent events from the date of the consolidated statement of financial position through October 27, 2023, the date on which the consolidated financial statements were issued. There are no subsequent events that require disclosure.

#### **(17) Financial Responsibility Standards**

The University participates in Federal Title IV student financial assistance programs, which require it to meet standards of financial responsibility based on criteria determined by the U.S. Department of Education (ED), as set forth in 34 CFR 668.171. The criteria for private institutions includes the annual calculation by ED of a financial responsibility composite score, as further outlined in 34 CFR 668.172, using audited financial statements submitted through ED's eZ-Audit system. The composite score has been and will continue to be based on three ratios: Primary Reserve, Equity and Net Income.

**Independent Auditors' Report on Internal Control Over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance With *Government Auditing Standards***

The Board of Trustees  
Santa Clara University:

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the consolidated financial statements of Santa Clara University and affiliates (the University), which comprise the consolidated statement of financial position as of June 30, 2023, and the related consolidated statements of activities, and cash flows for the year then ended, and the related notes to the consolidated financial statements, and have issued our report thereon dated October 27, 2023, except as to Note 17 and our report on the supplementary schedule of financial responsibility data, which is as of February 23, 2024.

**Report on Internal Control Over Financial Reporting**

In planning and performing our audit of the consolidated financial statements, we considered the University's internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the consolidated financial statements, but not for the purpose of expressing an opinion on the effectiveness of the University's internal control. Accordingly, we do not express an opinion on the effectiveness of the University's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's consolidated financial statements will not be prevented, or detected and corrected, on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses or significant deficiencies may exist that were not identified.

**Report on Compliance and Other Matters**

As part of obtaining reasonable assurance about whether the University's consolidated financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the consolidated financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

### **Purpose of This Report**

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

KPMG LLP

**Independent Auditors' Report on Compliance for Each Major Federal Program;  
Report on Internal Control Over Compliance; and Report on Schedule of  
Expenditures of Federal Awards Required by the Uniform Guidance**

The President and Board of Trustees  
Santa Clara University:

**Report on Compliance for Each Major Federal Program**

*Opinion on Each Major Federal Program*

We have audited Santa Clara University and affiliates' (the University) compliance with the types of compliance requirements identified as subject to audit in the *OMB Compliance Supplement* that could have a direct and material effect on each of the University's major federal programs for the year ended June 30, 2023. The University's major federal programs are identified in the summary of auditors' results section of the accompanying schedule of findings and questioned costs.

In our opinion, the University complied, in all material respects, with the compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2023.

*Basis for Opinion on Each Major Federal Program*

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America (GAAS); the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Our responsibilities under those standards and the Uniform Guidance are further described in the Auditors' Responsibilities for the Audit of Compliance section of our report.

We are required to be independent of the University and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on compliance for each major federal program. Our audit does not provide a legal determination of the University's compliance with the compliance requirements referred to above.

*Responsibilities of Management for Compliance*

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules and provisions of contracts or grant agreements applicable to the University's federal programs.

*Auditors' Responsibilities for the Audit of Compliance*

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on the University's compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS,

*Government Auditing Standards*, and the Uniform Guidance will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about the University's compliance with the requirements of each major federal program as a whole.

In performing an audit in accordance with GAAS, *Government Auditing Standards*, and the Uniform Guidance, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material noncompliance, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the University's compliance with the compliance requirements referred to above and performing such other procedures as we considered necessary in the circumstances.
- Obtain an understanding of the University's internal control over compliance relevant to the audit in order to design audit procedures that are appropriate in the circumstances and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of the University's internal control over compliance. Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

### **Report on Internal Control Over Compliance**

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A material weakness in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the Auditors' Responsibilities for the Audit of Compliance section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance. Given these limitations, during our audit we did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above. However, material weaknesses or significant deficiencies in internal control over compliance may exist that were not identified.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

### **Report on Schedule of Expenditures of Federal Awards Required by the Uniform Guidance**

We have audited the consolidated financial statements of Santa Clara University and affiliates as of and for the year ended June 30, 2023, and have issued our report thereon dated October 27, 2023, except as to Note 17 and our report on the supplementary schedule of financial responsibility data, which is as of February 23, 2024, which contained an unmodified opinion on those consolidated financial statements. Our audit was performed for the purpose of forming an opinion on the consolidated financial statements as a whole. The accompanying schedule of expenditures of federal awards is presented for purposes of additional analysis as required by the Uniform Guidance and is not a required part of the consolidated financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the consolidated financial statements. The information has been subjected to the auditing procedures applied in the audit of the consolidated financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the consolidated financial statements or to the consolidated financial statements themselves, and other additional procedures in accordance with GAAS. In our opinion, the schedule of expenditures of federal awards is fairly stated in all material respects in relation to the consolidated financial statements as a whole.

**SANTA CLARA UNIVERSITY**

Notes to Schedule of Expenditures of Federal Awards

Year ended June 30, 2023

**(1) Basis of Presentation**

The accompanying schedule of expenditures of federal awards (the Schedule) includes the federal grant activity of Santa Clara University and affiliate (the University) and is presented on the accrual basis of accounting. The information in this Schedule is presented in accordance with the requirements of Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance)*, for *Audits of States, Local Governments, and Nonprofit Organizations*.

**(2) Student Financial Assistance Expenditures**

Student financial assistance program expenditures include payments to students and each program's administrative allowance and exclude amounts representing cost sharing or matching. Administrative allowances totaling \$104,853 were claimed in the current year.

**(3) Federal Student Loan Programs**

The University had the following loan balances outstanding as of June 30, 2023. There were no Federal Perkins Loans expended during the year ended June 30, 2023.

Federal Perkins Loan Program	\$	1,698,991
------------------------------	----	-----------

**(4) Indirect Cost Rates**

The University has elected not to use the 10% de minimis indirect cost rate allowed under the Uniform Guidance. Facilities and administrative costs allocated to awards for the year ended June 30, 2023 were based on predetermined fixed rates up to 37% negotiated with the University's cognizant federal agency, the U.S. Department of Health and Human Services and are included as a component of the expenditures in the Schedule.

**SANTA CLARA UNIVERSITY**
